

A HISTORY OF CARING AND HEALING

L to R: EVP/Chief Operating Officer CHW, Bill Hunt; Infusion Nurse, Sister Gloria Miller; Retired Senior VP/Human Resources, Ernie Urquhart; Speaker, Nancy Pelosi; Foundation Chair, Doug Dillard; President Anna Cheung; St. Mary's Community Board Chair, Sister Ellene Egan; Chief of Staff, Dr. Richard Podolin

New State-Of-The-Art Cancer Center

In early 2011, the St. Mary's Cancer Center began serving infusion patients in the new custom designed wing, and in early spring, the radiation therapy wing will become operational with state-of-the-art medical technology.

This year, St. Mary's will renew its certification as an approved comprehensive cancer program from the American College of Surgeons, and develop a multidisciplinary oncology clinic that will emphasize collaborative care and streamline the time from diagnosis to treatment.

A New Look for St. Mary's

A dedicated team of caregivers, physicians, architects, interior designers, administrators, donors and patient representatives helped make decisions on the design elements. Cancer Navigator, Cheri Goudy said, "I enjoyed working alongside the architects and sharing with them that a certain shade of green may be high fashion, but could immediately make a patient feel nauseous. In those cases, high fashion always lost!"

Foundation Board Chair Reflects

Five years ago, St. Mary's and the Foundation had to make a decision – do we build a new vascular suite and cancer center, and attempt to bring radiation therapy back to the hospital? There was a resounding "Yes," unanimous agreement among the Foundation Board, and physician and hospital leadership that we needed to improve the facility and equipment in order to improve patient care.

Little did we know that one of the biggest and longest recessions would ravage our local economy.

With the opening of the Cancer Center, I am glad that we did not worry about the economy. If we had, we would

never have entered into the Capital Campaign and the new facilities would still be a dream.

I congratulate my Foundation colleagues and all the donors for remaining committed to the campaign and digging deep into their hearts and pockets. In order to complete the \$8.75 million, we must raise the last \$3 million. Daunting and yet, entirely possible...Very much like the eight young nuns landing in the Barbary Coast and building a hospital that has endured for 153 years.

Cancer, heart disease, strokes, and breast cancer. These are the reasons for giving. Compassion, caring for those who cannot afford it, and receiving care

from a trusted and familiar face. These are the reasons for giving to St. Mary's.

This Capital Campaign is one of the biggest projects undertaken by St. Mary's in the past 10 years. It has given the Foundation and hospital the opportunity to highlight wonderful grateful patients, inspiring stories of hope and survival, and charitable giving from the heart. The Foundation Board of Directors and I look forward to completing the campaign with many more new friends and supporters.

With sincere thanks and gratitude,
Doug Dillard
Foundation Board Chair

DPR Builder, Randy Eissner draws up plans for the new Cancer Center

Investing in a New Cooperative Vascular Team

Cardiovascular disease is the number one killer in the United States. Millions each year suffer from heart disease, strokes, and peripheral vascular disease. Looking to the future, we recognize that this presents a major health threat to residents of the Bay Area.

St. Mary's Medical Center and our physicians have made great strides at bringing advanced cardiac services to the Bay Area. Some of our distinctions include:

- First balloon angioplasty in the United States
- The Northern California's first digital cardiac catheterization lab

Today vascular centers are being established throughout the country to provide an

interdisciplinary approach to improving the quality and cost effectiveness of patient care. By investing in a new Vascular Suite, St. Mary's can empower our renowned medical staff in the areas of cardiology, interventional radiology and vascular surgery not only to bring their expertise, but also to deploy the latest technology in treating people with cardiovascular disease.

Excellent patient care requires cooperation and communication, and no single specialist can match the cognitive and clinical skills of a team working together. Demonstrating a commitment to this philosophy, St. Mary's cardiologist, radiologists and vascular surgeons have created a shared vision for a New Vascular Suite

to improve the evaluation and treatment of our patients.

The St. Mary's Medical Center Foundation is committed to raise 100% of the total estimated costs of \$3.5 million for this project. Of course, we need your help. We are grateful that a handful of leaders have stepped forward to launch us into this effort.

In addition, the Foundation approved \$440,000 for new electrophysiology (EP) equipment, a new growth area for treating atrial fibrillation and the heart's electrical conducting system. The new equipment will allow 3-D mapping and catheter ablation, a minimally invasive procedure that avoids open-heart surgery. Physicians are able to navigate the patient's blood vessels to

reach the heart and destroy (ablate) abnormal heart tissue. These ongoing investments in the St. Mary's Cardiac Cath Lab could not be possible without your continued support. With

the completion of the new Vascular Suite, we will be able to offer our patients the best chance of reclaiming their lives from cardiovascular and peripheral vascular disease.

Multi-surgical teams will utilize this advanced Vascular Suite

Message from
St. Mary's President

ANNA CHEUNG

St. Mary's is not just a building of bricks and mortar – it is an evolving, complex entity that must continually decide where and how to direct its strength. Our job is the delivery of health care, and thus, we focus on our patients, keeping pace with new medical advances, and the myriad of clinical regulations and benchmarks.

Often, the hospital becomes engulfed in the clinical needs and priorities, and we do not give enough recognition to a vital non-medical partner, the St. Mary's Foundation. The physicians, staff, and administrators could not lead the hospital without the hard work and successes of the Foundation Board of Directors and staff.

For the past several years, St. Mary's has prepared for growth, and to become a destination hospital for physicians and patients. We are focusing growth in Orthopedic & Surgical Services, Cancer Programs, and Cardio/Vascular Services, and developing innovative ways to improve access to St. Mary's primary care physicians. In the pages of this Annual Report are examples of the Foundation motivating and rallying grateful patients and community resources to optimize St. Mary's commitment to excellence.

I would like to take this opportunity to thank all the generous donors and Foundation Board for your gifts! The Cancer Center, milieu therapies for the adolescent psychiatric unit, patient transportation, medical technology, and so many other advances would not be possible without your help. Every gift of any size is truly a gift of life for our patients.

Hospital Strategic Plans

At St. Mary's Medical Center, we are pleased to celebrate over 153 years of service in San Francisco. We have a rich history that is deeply intertwined with the story of San Francisco—from earthquakes and the AIDS crisis to the recent major downturn in the economy. Through it all, our physicians and supporting staff have been responsible for caring and curing many lives, not only in our own community but throughout the United States.

As we look into the future, we are excited and ready to face any new obstacles and celebrate in more successes. In thinking about 2011, we hope to focus our attention on the following strategic areas:

- **Growth:** We hope to increase access to care and serve more people, for example:
 - Grow community partners
 - Align with physicians
 - Explore new markets
- **Innovation:** Our intent is to make fundamental operational changes and become recognized as leaders with respect to quality and service delivery, for example:
 - Improve patient satisfaction
 - Migrate best practices
 - Adopt appropriate technology
- **Leadership:** Leadership takes many forms and is essential to how each employee can directly impact the successful

implementation of our overall strategy, we plan to:

- Invest in people
- Grow fund development
- Extend our advocacy role

State-Of-The-Art...

continued from page 1

At the forefront of all their discussions was the comfort and safety of the patients and their families. Though no expense was spared when purchasing medical equipment, the team spent many hours balancing expense with style.

Granite, etched glass, wood, all new furnishings, wall treatment, a high tech conference facility in Morrissey Hall, ample privacy, adjacent parking, and St. Mary's renowned staff are ready to greet the Center's new patients in 2011 and beyond!

Digital Mammography: Combining Compassion and Technology

In men, lung cancer was the most common form of new cancer cases and deaths, while breast cancer was the most common type of new cases and deaths for women. Cancer incidence in San Francisco averages approximately 4,000 new cases annually, and that number is expected to increase as our population grows older.

Bringing advanced technology to St. Mary's patients is part of the hospital's broader vision to establish a state-of-the-art Cancer Center, which recently opened.

This year, the American Cancer Society reported that 28% of all cancer cases reported for women was for breast cancer. Breast cancer deaths in the same period accounted for 15%, falling below lung and bronchus. Early detection is often the key to fight breast cancer successfully. For women over 40 and others who are deemed "high risk," an annual mammogram is recommended. It is an essential screening and diagnostic tool in the prevention and early detection of breast cancer providing radiologists with images and visualizations of breast calcifications and small tumors.

To address this critical health care issue on a local level, St. Mary's currently provides patients with highly regarded breast care services—routine mammograms, breast cancer tumor board, renowned second-opinion reviews, breast surgeons, and cancer treatment. Breast cancer services are an important component in our new comprehensive cancer program.

Digital mammography has become the new standard of care, producing clearer images than traditional analog equipment. The high-resolution images

Latest digital mammography equipment

aid in earlier and more accurate detection and diagnosis of breast cancer.

Currently, St. Mary's equipment is limited to one digital mammography machine located in the hospital's radiology department. The capital campaign is raising \$750,000 for a second digital mammography machine to place in the outpatient waiting area in the One Shrader building. The capital campaign will

raise \$750,000 for a second digital mamamography machine to replace the analog equipment and upgrade the outpatient waiting area.

The second machine will enhance the hospital's outpatient imaging services in support of women's and community health.

31ST ANNUAL GOLF & TENNIS CLASSIC

The Olympic Club. There are a few iconic golf courses in the world – St. Andrews, Augusta, and the San Francisco Olympic Club.

St. Mary's is grateful to the Olympic Club for hosting our tournament for the past 31 years. The partnership has produced over \$3 million in donations, an average of \$97,000 per year.

Though we expected low contributions this year, the golf & tennis tournament produced gifts totaling nearly \$200,000!

Approximately 250 players, volunteers, and staff enjoyed the August sun and, of course, fog. The day started sunny and warm, with the fog rolling in as the day ended with a silent auction and program with

KNBR's Brian Murphy and Chair Dr. Robert Murray.

Sister Joanne DeVincenti pulled the winner of the Mexican Villa raffle—Dr. John Selle! And, Anna Cheung, hospital president, gave a heartfelt tribute as she announced Sister Joanne's retirement.

Sister Joanne produced many of the past tournaments and trained the St. Mary's staff on how to do it right. Many are proud that the Olympic Club staff enjoy working our tournament, says one staffer, "It's organized, volunteers know what they're doing, and everybody's happy."

The day following the tournament, Brian Murphy gave a 5-star review on his radio show, Murph & Mac, during

the morning KNBR drive-time.

Maurice Kanbar—the Kanbar Charitable Fund has supported the tournament regularly with a Double Eagle (\$10,000). Though he doesn't come out to play, St. Mary's appreciates his generous support.

Dr. Merton Goode—generously donated a foursome at Spyglass. He served on the Executive Committee of the US Golf Association from 1997-2000.

Dr. Charles Lee and Dr. Scott Hansen won the silent auction gift from Brian Murphy. Charles and Scott will join Brian and Charles McCaffrey on the Murph & Mac KNBR morning radio show.

32nd Annual Golf & Tennis Classic

at The Olympic Club

Home of the 2012 US Open

British Motors of SF provides luxurious vehicles for the hole-in-one and closest-to-the-hole contests.

Beautiful weather was the backdrop for the round robin tennis tournament.

DOCTOR'S DAY

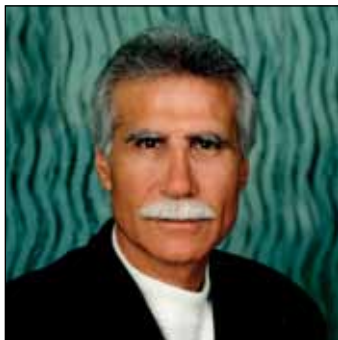

Patients Honor Their Doctors

Dr. Francis Charlton, Jr.

Did you know the first Doctor's Day observance was March 30, 1933 in Winder, Georgia? Eudora Brown Almond, wife of Dr. Charles B. Almond, decided to set aside a day to honor physicians. The first observance included the mailing of greeting cards and placing flowers on graves of deceased doctors. The red carnations are commonly used as the symbolic flower for National Doctor's Day.

In 1990, federal legislation was introduced to establish a national Doctor's Day. Following overwhelming approval by the United States Senate and House of Representatives, on October 30, 1990, President George Bush signed S.J. RES #366 (which became Public Law 101-473) designating March 30th as "National Doctor's Day."

Dr. Remo Morelli

In honor of Doctor's Day 2010, the Foundation sent out an appeal to our donors, offering them the chance to honor their doctor. The response was overwhelming – over \$18,000 were donated in honor of more than 60 St. Mary's doctors! Eight doctors were honored by 10 or more patients, they include:

1. Dr. Francis Charlton, Jr.
2. Dr. Remo Morelli
3. Dr. Kenneth Mills
4. Dr. Richard Podolin
5. Dr. Gerald Murphy
6. Dr. John Umekubo
7. Dr. William McGann
8. Dr. Charles Allison

Dr. Richard Podolin

Dr. Kenneth Mills

NURSE'S DAY

Caring Today for Healthier Tomorrow

On Wednesday, May 12, 2010 St. Mary's celebrated its nurses with a variety of activities

- Breakfast for Night Shift Nursing Staff
- Education Forum: Integrative Medicine
- Reception for Day Shift Nursing Staff
- Pizza Party for PM Shift Nursing Staff
- Blessing of the Hands by Spiritual Care Department Staff

National Nurses Day is universally celebrated on May 6th and opens National Nurses Week. National Nurses Week is one of the nation's largest health care events, recognizing the contributions and commitments nurses make and educating the public about the significant work they perform. The week-long celebration is designed to accommodate the variety of schedules nurses are required to work.

St. Mary's is grateful and appreciative of all of its nurses. Thank you for your hard work, commitment and passion for the job!

PHYSICIAN CAMPAIGN

St. Mary's Foundation is grateful to the physicians and their families for the success of the 2010 Physician Campaign. Congratulations on raising \$526,000 in support of four new Cancer Center, Vascular Suite, and Digital Mammography!

AUXILIARY GIFT

Anna Cheung, hospital President and Charles Higuera, Foundation Board Vice-Chair accepts a gift from Joan Bertani, St. Mary's Medical Center Auxiliary President and Tae Abate, Auxiliary Advisor

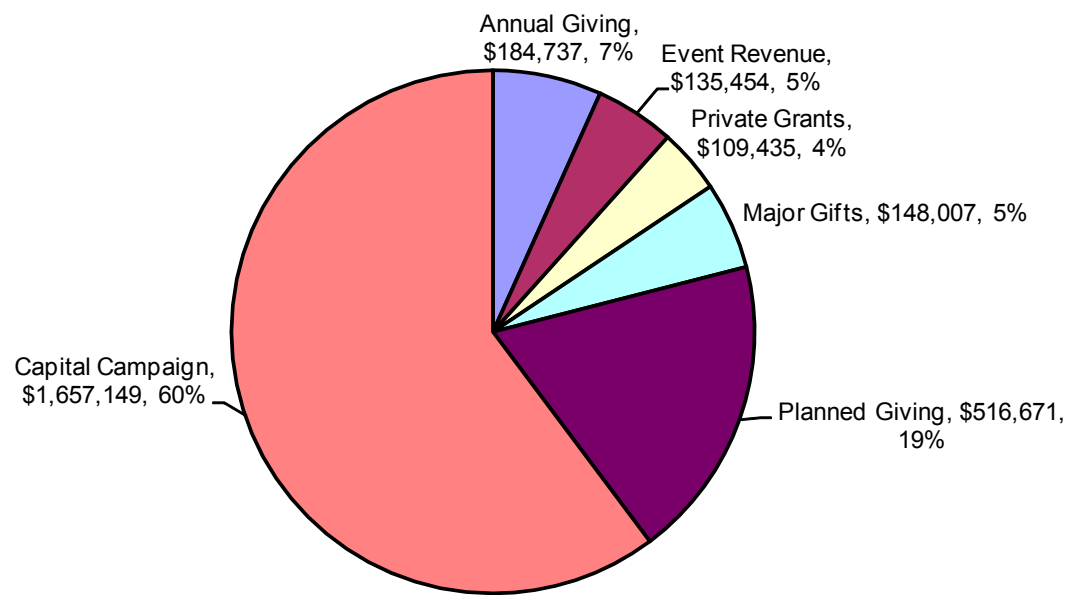

The St. Mary's Auxiliary has flourished for over 75 years. It was founded in 1923 by doctors' wives and friends of the Sisters of Mercy. Its purpose is to help support the needs of the medical center through fundraising and volunteering. Today the Auxiliary continues to fulfill its mission by hosting fundraising projects, such as the Holiday Boutique, a monthly drawing, dominoes and card marathons and the hospital Gift Shop. All of these activities raise funds to help the Auxiliary accomplish its goal to financially support St. Mary's Medical Center.

The Auxiliary has been exceptionally generous these past two years in support of many projects at St. Mary's. Most notably, the Auxiliary made a \$250,000 gift in support of the new Cancer Center. Auxiliary President and Foundation Board member Joan Bertani said, "We know many people who have faced cancer, and we realize the importance of having the best facilities. We're proud to support the new Cancer Center and the future of St. Mary's." In recognition of their gift, the Auxiliary will name the conference room in the new Center.

In addition to supporting the Capital Campaign, the Auxiliary responded to two other hospital needs. They gave \$20,000 for the Chapel refurbishment and \$50,000 to add a coffee café in the hospital lobby. Over the years, this group of remarkable volunteers has contributed significantly to the hospital's capital improvement projects and patient care needs, giving over \$1,355,000.

FINANCIAL NEWS

INCOME SUMMARY 2010

Foundation Supported a Variety of Projects Between 2008-2010

- 1 Over \$1M for needy patients
- 2 Electrophysiology equipment and imaging software for the Cath Lab
- 3 Breast cancer screenings for low-income women under 50 years
- 4 New Linear Accelerator for radiation therapy
- 5 New digital mammography machine
- 6 Drama & Art therapists for McAuley psychiatric patients
- 7 CalTrans patient van for the Adult Day Health Center
- 8 Awarded the First Annual Florence Howe Outstanding Medical Resident Awards
- 9 Orthopaedic Education
- 10 Improvements to the Chapel

LIFETIME DONORS

St. Mary's Foundation is forever honored and grateful to all of our donors. We especially thank all our Lifetime Donors who have contributed cumulatively \$50,000 or more. To every donor we say, "Bless you and thank you. You have made a difference to countless lives."

New Cancer Center Grand Opening

Saturday, March 26, 2011

St. Mary's Foundation Hosts Gala in May

St. Mary's Medical Center can be a place of high emotion, whether great joy or devastating sadness: a place where professionals and patients face life changing challenges together. *A History of Caring – A Future of Healing Gala* will offer a rare opportunity to celebrate together. Supporters of St. Mary's Medical Center are invited to join the Foundation Board of Directors at a Gala designed to honor those who have made the new Cancer Center and Vascular Suite possible.

Co-Chairs Michele Dillard, Maria Espiritu, Marisa Moret and Catherine A. Taylor invite you to enjoy a cocktail reception followed by a sumptuous supper with music and dancing. Bimbo's will be the venue for this lively event in recognition of their year-long 80th anniversary celebration.

Thursday, May 12
6:30 pm – 10:00 pm
Bimbo's 365 Club in San Francisco

For more information contact the Foundation at 415-750-5790.

Women and Medicine - Catherine McAuley Society

The St. Mary's Foundation has created a new annual giving club for women based on the rich legacy of Catherine McAuley, the Foundress of the Sisters of Mercy. Catherine McAuley devoted her life to ministering to the poor, sick and uneducated in Dublin, Ireland. At the age of 36, Catherine became the sole heir of a vast fortune. She began her work by building the "House of Mercy", a shelter for abandoned and abused women and children from Dublin's slums. Catherine's one aim in life was to use her wealth to alleviate the ills of the poor, and to assist them in realizing their true potential.

Catherine's legacy lives on in the works of the Sisters of Mercy and their message of giving and compassion for the needy and less fortunate. St. Mary's Medical Center was founded on this rich heritage of compassionate caring for our brothers and sisters.

Please consider being a charter member of the Women and Medicine-Catherine McAuley Society of the St. Mary's Medical Center Foundation. This special group of women will meet three times a year to share ideas and review the most pressing needs of St. Mary's Medical Center. In addition this group will provide a forum for women to meet and engage in discussions regarding current topics of healthcare and medicine. Because this is a philanthropic society, each member will contribute \$1,000 annually. As a group you will decide which hospital project to fund each year.

Our hope is that this giving circle will create opportunities for women philanthropists to interact, make a difference at St. Mary's and share the vision that is the legacy of Catherine McAuley.

For more information about being a charter member, please contact Mary Poppingo at the St. Mary's Foundation at 415-750-5790 or mary.poppingo@chw.edu.

St. Mary's Legacy Society: Hilda Giovannetti Leaves a Lasting Legacy

St. Mary's Medical Center Foundation is deeply grateful for the generosity of supporters who have included us in their estate plans either in a bequest (will or living trust), life income plans, such as a charitable remainder trust, gift annuities, life insurance policies, beneficiary in qualified retirement plan, or remainder interest in real estate or property. An invitation is extended to all who have already established a gift of this nature. Membership in the St. Mary's Legacy Society is voluntary and free. All members have the option to remain anonymous.

Legacy society member, Hilda M. Giovannetti was born in 1921 in Italy. With her dear mother and her older sister, she came to this country at an early age to be united with her father,

who had immigrated to the United States before the rest of the family. She lived in Bakersfield, CA until she moved to San Francisco in the late 1940's. She worked for many years as a management assistant in the oil industry and also twenty years as assistant to the president of a philanthropic foundation. Upon retirement, never wanting to be idle, she enjoyed a trip to Italy, the Holy Land, and studying at the University of San Francisco. During this time she also became a Eucharistic minister for St. Ignatius Church, her parish, and at St. Mary's Medical Center.

In a letter Hilda wrote to Sister M. Joanne DeVincenti in 1999 she said, "For me, St. Mary's has been a caring hospital with many wonderful friendships, and where I received excellent

training in Pastoral Care that started in 1981 and I continued as a volunteer Minister of the Sick for 14 years. As we recently discussed, this letter is to inform you that St. Mary's Medical Center Foundation is named in my Last Will and Testament."

Hilda Giovannetti passed away on August 22, 2009. In keeping with her words to Sister M. Joanne in November of 1999, she included St. Mary's in her will. Just recently we received a very generous bequest over \$400,000 from Hilda's estate. Hilda was a loyal supporter of St. Mary's and a long-time member of our Legacy Society. We are most grateful for this gift, which will be a lasting legacy of Hilda's support and devotion to St. Mary's.

Sister Joanne Retires After 46 Years

In a 1971 photo, Sister Mary Joanne DeVincenti jockeys a bulldozer for a groundbreaking ceremony for St. Mary's Medical Center. Her smiling face topped by her veil is barely visible on the seat of the dozer. As hospital administrator from 1965 to 1977, the only woman hospital administrator in San Francisco, she was responsible for raising money and building St. Mary's tower, as well as initiating modernizing changes in the hospital.

She had entered the Community after growing up in Phoenix and attending St. Joseph's School of Nursing. After she entered and spent several years in nursing, the Mercy leadership wisely sent her to St. Louis University for her M.A. in health care administration. She went from CEO of St. Mary's to Mercy Hospital in San Diego to undertake another building program as executive director. She had left her heart at St. Mary's though, and returned here in 1985.

For years, Sister Joanne led the hospital Foundation and then moved into working in a position that used her charm and memory of people—Guest Relations Coordinator. She remained there until this August, when she retired with 46 years behind her. She can still be seen showing up from time to time helping the Foundation with its Capital Campaign, as the Co-Chair for Community Gifts.

Mission Integration and Spiritual Care for CHW

*To RSVP please call the Foundation office
at (415) 750-5790.*

Thank you to All Foundation Board Members

Although many people have and still are involved in fund raising—including the Foundation, St. Mary's executive leadership, St. Mary's physicians and employees, grateful patients, and generous donors—the St. Mary's Foundation Board of Directors have been central to the success.

In fundraising, the board's role is quite different from other board duties. In almost all the other activities, board members are deliberating, discussing and deciding. But in fundraising, they are **participating!** And that is exactly what the Foundation board has done since 2008 with the Capital Campaign.

The board has not only contributed 100% to the campaign, but has brought in new donors, supported events, and motivated the Foundation staff. Thank you all! Your time, support, and encouragement do not go unnoticed.

Foundation Mission Statement

The Foundation exists to support the mission of St. Mary's Medical Center. We do this through our encouragement of charitable giving, our stewardship of donor gifts and our own grantmaking that promotes the provision of excellent medical care with understanding and dignity. Make a tax-deductible gift today to support medical excellence and compassionate care at St. Mary's.

Hospital Mission Statement

Catholic Healthcare West and St. Mary's are committed to furthering the healing ministry of Jesus, and to providing high-quality, affordable healthcare to the communities we serve.
