

NEW FOUNDATION BOARD CHAIR

**Welcome to our new Chairwoman, Pam Steckroat and
Thank You Fred Ruhland!**

Pam joined St. Mary's Foundation in 2014 and served as the Vice Chair in 2016. She steps into the Chairwoman position succeeding Fred Ruhland who generously stepped in as Chair for the past year.

Thank you to Fred for his steadfast dedication and service to St. Mary's. We are truly grateful for his ongoing support.

Pam is a seasoned business and marketing professional who also serves on the Board at Michigan State University - Go Spartans! You'll find Pam zipping around racetracks in fast cars and teaching Zumba. Please give Pam a warm St. Mary's welcome when you see her.

OUR FOUNDATION STAFF IS GROWING!

Come on down to the Foundation office - Lobby Room 12 - and say hello to our new staff member, Alissa May. As the Director of Philanthropy - Annual Giving and Communications, Alissa will focus on our annual fund program and ensure that we regularly communicate our successes and incredible life-saving work.

WELCOME TO OUR NEW FOUNDATION BOARD MEMBERS

Mary L. Rotunno

Mary comes to us from El Camino Hospital as their General Counsel. A friend of St. Mary's she previously was the Senior Counsel/Client Service Leader - Bay Area Region for Dignity Health.

Nick Morelli

A warm welcome to Nick who literally grew up in the corridors of St. Mary's (his father is cardiologist Dr. Remo Morelli). He spends his time as a Field Applications Engineer at Enphase Energy.

Merton Goode, MD

Dr. Goode and his group PAR Anesthesiology have been serving St. Mary's surgery patients with kindness and expertise for over ten years as our anesthesiologists.

Christopher H. Cheng, MD

Alissa recently completed the gargantuan task of mobilizing the most people in Bay Area history (5,000+) around a volunteer effort for the Super Bowl 50 Host Committee as their Director of Volunteers with Dignity Health as the volunteer program's sponsor. She has served the Bay Area in her philanthropic, corporate social responsibility, and volunteer support roles for over ten years with the Super Bowl 50 Host Committee, Red Cross, Edgewood Center, SF CARD, and now St. Mary's Foundation!

Giving back is where she finds her energy and enthusiasm for work every day along with hiking, skiing, and refereeing high school football. Alissa said, "I look forward to growing and learning from every person that I encounter. When I walk through the lobby doors, I am hit with this sense of being truly humbled knowing that people are performing life-saving work here every single day."

Dr. Cheng is well-equipped to serve any medical crises as the Medical Director at St. Mary's Emergency Department and the Saint Francis First Aid Station at AT&T Park. We are so glad that he has chosen to practice with us.

Carl Bricca, DO

Dr. Bricca is our newly elected Chief of Staff and loyal St. Mary's physician for a number of years. We are fortunate and grateful to have him on our team.

Have something to say?

We'll always love to hear from you.
